

Creators of the digital world

Course intro

MBO LEVEL 4 EDUCATION

In the new era of Artificial Intelligence, Cyberwar, DevOps, Blockchain, Big Data, Open Data, Internet of Things and the Cloud, new technologies rise faster than any educational program can forecast.

TECHNIEK COLLEGE ALEXANDERLAAN

In this 3-year education, you will discover, explore, make, terraform, explain and master digital landscapes of the future.

What will you be doing?

Explore. Discover new digital technology.
Make. Get it going, from "Hello World", demo, Proof of Concept to Live production.
Explain. Tell what it is, why it's important and how to do it.

Teamwork. Create with the people involved so new systems and changes can fit the team.
Master. All of the above. Become a specialist in your field of choice.
Translate. IT World is English. Write in Dutch.
